Volume Water Use By MWD's Member Agencies Local Production plus MWD Deliveries

Acre-Feet

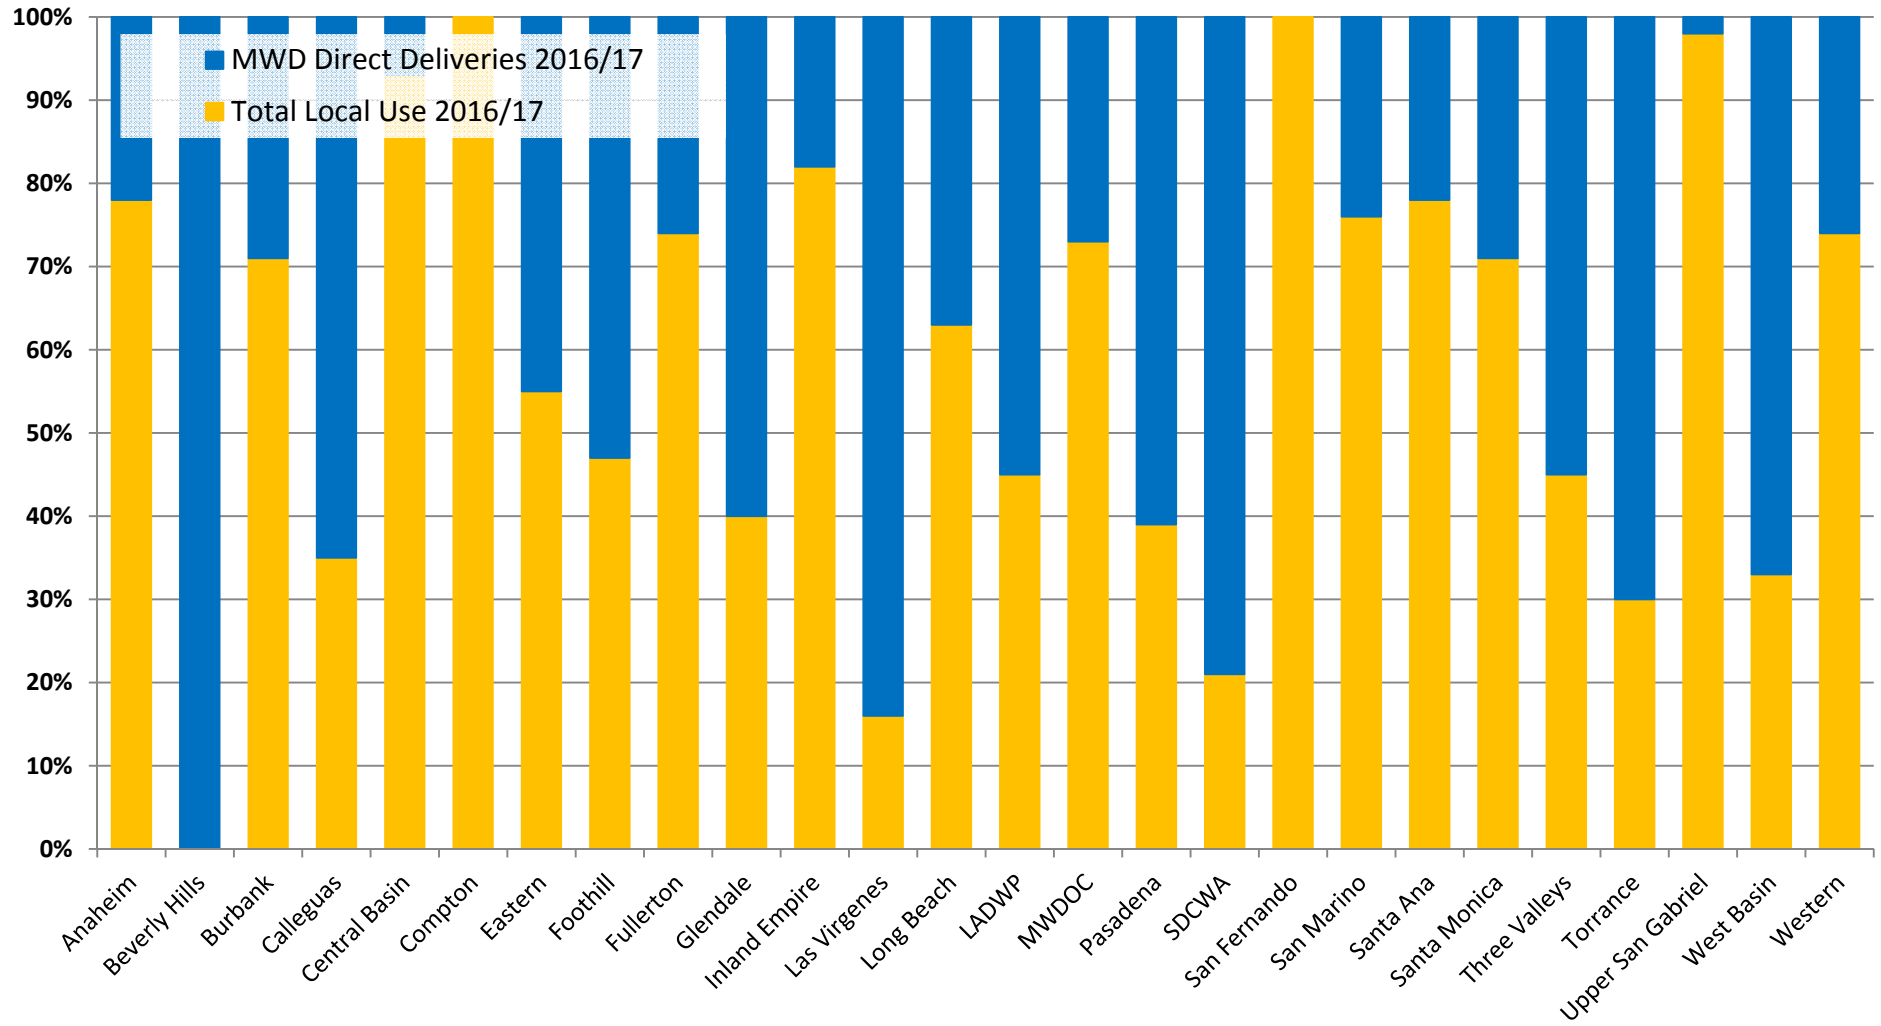

Local Production = groundwater, surface water, recycled wastewater, seawater desalination, LA Aqueduct supplies and any use of MWD's replenishment deliveries
 Total Local Use includes net imports from other member or non-MWD agencies, not including water used for environmental purposes
 MWD Direct Deliveries include SDCWA/MWD Exchange

Source: MWD 2017 Annual Report, Table 1-4

Percent Water Use By MWD's Member Agencies Local Production plus MWD Deliveries

MWD Direct Deliveries
as % of Total Use = 42%

Local Production = groundwater, surface water, recycled wastewater, seawater desalination, LA Aqueduct supplies and any use of MWD's replenishment deliveries
 Total Local Use includes net imports from other member or non-MWD agencies, not including water used for environmental purposes
 MWD Direct Deliveries include SDCWA/MWD Exchange
