

**RESOLUTION NO. 03-18-500**

**A RESOLUTION OF THE BOARD OF DIRECTORS OF  
SAN GABRIEL COUNTY WATER DISTRICT  
IN SUPPORT OF CALIFORNIA WATER FIX AND  
CALIFORNIA ECO RESTORE**

**WHEREAS**, In April, Governor Brown proposed a revised path to protecting water supplies that are imported from Northern California while restoring the declining ecosystem of the Sacramento-San Joaquin Delta; and

**WHEREAS**, the new proposal identifies a new, preferred alternative within the Delta environmental review process that advances water system improvements as a standalone project while phasing in habitat restoration in a separate, but coordinated fashion; and

**WHEREAS**, California Water Fix will provide a 9,000-cubic foot per second facility that will complement local water supply projects by allowing the safe capture of water in wet and above-normal years so that it can be stored and used in dry years; and

**WHEREAS**, California Eco Restore will accelerate and implement a comprehensive suite of habitat restoration actions to support the long-term health of the Sacramento-San Joaquin Delta's native fish and wildlife species.

**NOW, THEREFORE, BE IT RESOLVED**, by the Board of Directors of San Gabriel County Water District as follows:

- Section 1. The Board supports California Water Fix and California Eco Restore programs.
- Section 2. A copy of this resolution shall be sent to our state legislative representatives.

**PASSED, APPROVED, AND ADOPTED** this 27<sup>th</sup> day of March, 2018.
