JOB SUMMARY
This is the intermediate level position performing Assistant Environmental Specialist II job duties.

DISTINGUISHING CHARACTERISTICS
Positions at this level are responsible for coordinating, researching, and assisting in conducting environmental projects and studies relating to environmental issues. The work may involve environmental planning such as compliance with the California Environmental Quality Act and species management or environmental health and safety involving water pollution, air pollution, hazardous materials, solid waste compliance, and workplace safety. Positions in this classification work under close supervision and guidance.

OVERSIGHT

Supervision Received: The supervisor provides continuing or individual assignments by indicating generally what is to be done, limitations, quality and quantity expected, deadlines, and priority of assignments. The supervisor provides additional, specific instructions for new, difficult, or unusual assignments including suggested work methods or advice on source material available. The employee uses initiative in carrying out recurring assignments independently without specific instruction, but refers deviations, problems, and unfamiliar situations not covered by instructions to the supervisor for decision or help. The supervisor assures that finished work and methods used are technically accurate and in compliance with instructions or established procedures. Review of the work increases with more difficult assignments if the employee has not previously performed similar assignments.

Supervision Given: None

JOB DUTIES
GENERAL
1. Assists with coordinating and conducting environmental studies and projects.

2. Conducts, researches, and assists with the preparation of documentation.

PHYSICAL DEMANDS, WORK ENVIRONMENT, AND VISION REQUIREMENTS

The physical demands and work environment characteristics described here are representative of those that must be met or may be encountered by an employee to successfully perform the job duties of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the job duties.
Physical Demands: The work is primarily sedentary. Typically, the employee may sit comfortably to do the work. However, there may be some walking; standing; bending; carrying of light items such as paper, books, or small parts; driving an automobile, etc. No special physical demands are required to perform the work.

Work Environment: The work environment is primarily in an office setting involving everyday risks or discomforts that require normal safety precautions typical of such places as offices, meeting and training rooms, libraries, and residences or commercial vehicles, e.g., use of safe work practices with office equipment, avoidance of trips and falls, observance of fire regulations and traffic signals, etc. The work area is adequately lighted, heated, and ventilated. However, some of the time may be outdoors that may involve moderate risks or discomforts. Employees may be required to use protective clothing or gear such as coats, boots, sunglasses and gloves.

Vision Requirements: No special vision requirements.
