## Summary

This letter provides a summary of the interest rate swaps outstanding as of December 31, 2023. These transactions are consistent with board policy and Section 5922 of the California Government code, and have been executed to reduce debt service costs and reduce duration and interest rate risk.

As approved by the Board, as of December 31, 2023, Metropolitan had $\$ 338.1$ million in outstanding interest rate swaps. These transactions and their associated bonds have resulted in $\$ 128.6$ million in savings through the date of this report, including $\$ 3.8$ million, net present debt service savings, on the three swap termination transactions. The mark-to-market ("MTM") value plus the accrued interest of the swap portfolio is a negative $\$ 7.1$ million, (an increase of $129.0 \%$ from September 30, 2023), reflecting interest rates, as of December 31, 2023, which were lower than when these swaps were executed. The MTM value represents an estimate of the swap obligations if they were terminated at the time of the valuation. A negative MTM valuation amount means that Metropolitan would pay the counterparty upon termination of all transactions. A positive MTM valuation amount means that the counterparty would pay Metropolitan upon termination of all transactions. Net exposure to all counterparties is within board-approved guidelines. As of December 31, 2023, Metropolitan had no collateral posted with any counterparties.

After June 30, 2023, rates for the London Interbank Offered Rate ("LIBOR") were no longer published. An alternative rate, the Secured Overnight Financing Rate ("SOFR"), was selected as a replacement for LIBOR. For Metropolitan swaps that had used one month and three month LIBOR, the new SOFR rate for one month LIBOR will be SOFR plus 0.11448 basis points ("One Month SOFR"), and the new SOFR rate for three month LIBOR will be SOFR plus 0.26161 basis points ("Three Month SOFR")

Staff will continue to monitor the market for opportunities and work with the committee on transactions that meet Metropolitan's policies and financial objectives.
