

## Metropolitan Cases

### ***County of Butte, et al. v. Department of Water Resources (Sacramento County Superior Court)***

On June 23, 2023, the California Supreme Court denied Butte and Plumas Counties' petition for review of the Court of Appeal's decision in favor of the Department of Water Resources (DWR) in the above-entitled case. As previously reported, the Counties' lawsuit challenged the environmental impact report (EIR) issued by DWR in conjunction with relicensing of the Lake Oroville hydroelectric facilities (Oroville Facilities) by the Federal Energy Regulatory Commission (FERC) and asserted numerous claims under the California Environmental Quality Act (CEQA).

While this effectively concludes the state court litigation related to the relicensing process, the Counties will have an opportunity to challenge the FERC license once it is issued by filing a federal lawsuit directly in the Ninth Circuit or the DC Circuit. However, it is our assessment that the Counties are unlikely to be successful in either venue. This decision by the California Supreme Court therefore represents another significant step toward obtaining a new 50-year license for the Oroville Facilities. To that end, the State Water Contractors sent a letter to FERC on June 23, requesting that the license be issued without any further delay. (See General Counsel's April 2023 Activity Report.)

### ***Reese v. Metropolitan (Riverside County Superior Court)***

On June 26, 2023, the parties attended a mediation; however, the parties did not reach agreement. On June 30, the Riverside County Superior Court set a Trial Setting Conference for March 20, 2024. The parties are engaged in discovery.

As previously reported, on October 31, 2022, employee Darren Reese filed a lawsuit alleging six causes of action against Metropolitan under the California Fair Employment and Housing Act: race discrimination; race harassment; gender discrimination; gender harassment; retaliation; and failure to prevent harassment,

discrimination, and retaliation. Plaintiff alleges that he was harassed and discriminated against based on his race and gender, he was retaliated against because of his complaints, and Metropolitan failed to take reasonable steps to prevent these occurrences. The complaint was served on Metropolitan on November 14, 2022 and Metropolitan filed its answer on December 14, 2022.

### ***Alejandro Martinez v. Metropolitan (California Department of Industrial Relations)***

On January 17, 2023, Mr. Martinez, an employee, filed a retaliation complaint with the California Department of Industrial Relations (DIR), and Metropolitan was served with the complaint on February 1, 2023. The complaint alleges Metropolitan engaged in unlawful retaliation in response to a safety complaint. This matter was set for mediation before the DIR on June 28, 2023. Metropolitan filed a position statement explaining it has not engaged in any unlawful retaliation. On June 28, Mr. Martinez, his union representative from AFSCME Local 1902, and Metropolitan held a mediation session with a DIR mediator. The parties agreed to continue potential settlement discussions concerning Mr. Martinez's complaint.

### ***Sierra Club v. Cal. Dept. of Water Resources (consolidated with Department of Water Resources v. All Persons Interested, etc.) (Sacramento County Superior Court)***

A four-day trial on the merits was held from May 15 through May 18, 2023. The court did not take the matter under submission as Judge Mennemeier ordered supplemental briefing, first on two issues, then adding a third on June 8. Unless further briefing is ordered, supplemental briefing concluded on June 30. At the conclusion of trial, Judge Mennemeier indicated he may order further oral argument, or he may set a case management conference after reviewing the supplemental briefs to announce his ruling and discuss preparation of a formal statement of decision.

These two cases concern DWR’s adoption of bond resolutions authorizing issuance of revenue bonds to finance environmental review, planning, design, and, if a project is approved, construction of a new Delta conveyance facility. DWR filed a case seeking a judgment declaring the bonds to be valid, known as the validation action, and Sierra Club and others filed a case alleging various violations of CEQA. The cases were consolidated for all purposes.

Before trial, DWR succeeded in getting the CEQA claims and affirmative defenses

dismissed, as well as Delta Reform Act and public trust affirmative defenses.

Metropolitan and other supporting water contractors have worked closely with DWR throughout the case and joined in DWR’s merits briefs and evidentiary objections. Although Metropolitan has retained special counsel to assist, the Legal Department has performed most of the work representing Metropolitan to date.

## Other Matters

### Finance

On June 21, 2022, Metropolitan issued \$258,410,000 of Water Revenue and Refunding Bonds, 2023 Series A (Bonds). The Bonds were issued to fund the acquisition and construction of capital improvements to Metropolitan’s Water System; refund portions of a series of bonds originally issued in 2012; and prepay \$35,580,000 of outstanding Wells Fargo Short-Term Revolving Notes issued on June 13, 2023. During a 6-month process, Legal Department staff attorneys worked with Finance, Engineering, and Water Resources staff to prepare the official statement used to market the Bonds and assisted outside bond and

disclosure counsel with the drafting and negotiation of several contracts and closing certificates.

On June 30, 2023, Metropolitan issued \$38,400,000 of Tax-Exempt Flexible Rate Revolving Note, Series 2023 A-2 and \$18,000,000 of Taxable Flexible Rate Revolving Note, Series 2023 A-3 (together the Notes). The Notes were issued to fund Board-approved debt-financed projects for the Antelope Valley East Kern (AVEK) High Desert Water Banking Program and conservation program. Legal Department staff attorneys worked with and assisted outside bond counsel with the drafting and negotiation of several contracts and closing certificates.
